“ *Kathy is one of the few that call me Butch. Known her most of my life. I'm a bit older than she.*

*We grew up together and she lived next door to the place where our family gathered on Sundays. So we spent a lot of our youth together. She was fun and always one of my favorites. After High School we moved west and I lost touch with some folks back east. Time in the Navy and out and settled in California. Time passed and I reconnected with my cousins. After quite a few years she contacted me and what a delight and surprise that was.*

*I can't tell you anything specific but just the overall feeling of how great it was knowing her. After a lot of years of not being in touch it's as if we just picked up the conversation from where we left off. We caught up on each other's lives and made some loose plans to visit. She liked to travel and her and Camille did so. They put us in their travel plans and I couldn't have been happier. We had a delightful fun visit for a couple days and they went on their way. That happened a couple times. We stayed in touch and I'm so happy we got together when she reached out.*

*I'm not surprised she ended up being a teacher. I just know she was one of the best.*

*I won't be forgetting her anytime soon, I'll miss our talks on the phone. I think she's in a better place and she'll make another future there.*

*Bye, Kath, do well.*

*Love, Butch*

“ In 1980 Kathy and I were hanging out together at a restaurant/bar in south Florida. I was single, she was not. A guy came over and asked me out, I immediately said no. Kathy talked me into giving him my number. He ended up being my husband and the father of my 2 children!! It didn't work out but had it not been for Kathy I wouldn't have had my 2 precious children!! It's a very fond memory!! Kathy was always so much fun!! I hope she's not resting in peace, but she's partying on with all her family and friends in heaven!! Gia and Camille I know she will always be watching over you both from above!! 🙏💕
