Lilah was born in Cleveland on June 24, 1948 and had been a resident of Lakeside Marblehead since 2007.

She was a graduate of West High School in Cleveland and went on to take courses at Cleveland State University. Later in her life she received her Associate's Degree in Applied Chemistry from Lorain County Community College and then her Bachelor's of Science Degree in Chemistry from Baldwin-Wallace College in Berea.

Lilah had been employed as a Developmental Chemist in the refinishing division for the Nippon Paint Company; she had previously been employed in a similar capacity at PPG Industries.

“*Dave and Lilah were the best dock partners ever! So many great times...so many good laughs....especially during our "board meetings"...which usually included our infamous beer drinking, and wine drinking (unbeknownst to Lilah...lol), dog Admiral. Wonderful memories that will last a lifetime. Lilah was one of the best humans we ever met...caring, generous, and a wonderful sense of humor. Rest in peace sweet Lilah...thanks for the wonderful memories! Our hearts go out to all of her loved ones. Love you Lilah...and Dave! Clyde, Debbie, and Colt.*

“*Lilah was such a sweet and caring person. I worked with her, at PPG, several years ago and remember her as always being upbeat and a true treasure to be around. She was a very lovable person, and the world has suffered a great loss with her passing. She will always be remembered by those who had the pleasure to know and be with her.*
